

THE SCHOOL-WIDE PROGRAM & THE FAMILY-SCHOOL COMPACT

All of the schools in the Winton School District participate in the School-wide Program. Being School-wide allows all students access to the same rich core curriculum; while ensuring that students who need additional assistance, due to second language learning or learning difficulties, are provided this additional support.

A valuable component of being school-wide is the Family-School Compact. This compact is another way of strengthening the understanding that education is a partnership between the student, parent/guardian and school.

- **Compacts may vary slightly between the school sites.**
