Dear Parents,

According to our records, your child is not in compliance with the California Health Examination Laws.

The California Law requires a First Grade Physical Exam in order for your child to continue school.

Proof of physical exam is required in our office by \_\_\_\_\_. If we do not have proof of your child's physical exam by the above date, then your child will be excluded from school for 5 (five) days. If you provide proof of physical exam within those 5 (five) days, then your child may return to school.

Thank you,

Sincerely,

***Diane Gannon***
